

Columbia Kreitchman **PET** Center

COLUMBIA UNIVERSITY COLLEGE OF PHYSICIANS & SURGEONS

In accordance with all HIPAA regulations, Columbia Kreitchman PET Center will happily make available any PET and PET/CT results, both reports and images, to our patients and their physicians. A complimentary set of films is sent with the report to the referring physician. These films remain with the referring doctor's office and can be accessed there directly by the patient.

At times patients might request additional films or reports for their own records or to seek second opinions. Reports can be faxed to additional doctors at any time at no cost to our patients. If the original films cannot be obtained from the referring doctor's office, Columbia Kreitchman PET Center can reproduce these images. To cover our administrative costs we charge \$35 for images that will be picked up at our facility and \$42 for images that must be delivered via FedEx.

Please use the form below to request duplicate images. If you have any questions about this form or our fees, please feel free to contact us at (212) 923-1555.

PLEASE RELEASE COPIES OF MY PET and PET/CT SCANS AS INDICATED BELOW:

Patient's Name: _____

Patient's Signature: _____

Date of PET Scan: _____ Number of duplicate images needed : _____
